## STAGE SET TO GREET 2500 AT BERKELEY AA CONFERENCE

Appearance of two of the west's most sought after AA speakers will highlight the Fall Conference of the Northern California Council of Alcoholics Anonymous when it convenes in Berkeley, Saturday and Sunday, October 19 and 20. Al M. of Los Angeles will address the Saturday meeting at 8:00 P.M., and Cliff M. of Whittier, California will be at the podium for the 1:30 P.M. Sunday meeting in the 3,000 seat Berkeley Community Theatre.

Many AA members in Northern California have been privileged to hear one or both of these outstanding speakers on previous occasions, and their appearance promises a rare experience for the 2,500 expected to attend the Conference.

Al M., former great Hollywood studio musician, has been a member of AA for over 22 years. He was founder of the well-known Arlington Group in Los Angeles. His tireless Twelfth Step work and many years of speaking at AA meetings throughout Southern California have provided inspiration and help to hundreds of suffering alcoholics and AA members alike.

Prior to the opening of the Los Angeles Central Office in 1941, Cliff and his wife personally handled all 12th Step calls in that area and have continued to spark the growth of the program in Southern California through the years. Eastbay AA members will recall Cliff W., for his splendid contribution to the Fellowship's 20th Anniversary meeting in 1961.

### Red Carpet

As this edition of GOOD NEWS goes to press, the committee continues its efforts to make the Fall Conference one of the most memorable and rewarding in N.C.C. history. Information bulletins, tickets and other conference data, including the Conference Program will be in the mail shortly. AA members and members of Alanon and Alateen are urged to plan now and to make reservations as soon as registration information is received. Berkeley civic leaders and the Chamber of Commerce are preparing to "roll out the red carpet" in an historic welcome for the first AA Conference ever held in this friendly Eastbay city.

There's more to come! Watch for the next edition of GOOD NEWS.

Featured speaker is Floyd B., Roseville Group, a prominent and active member of the Central California Fellowship.

AA's all over Northern California are extended a cordial invitation to attend.

## SERVICE WITH A SMILE

Each week the AA meeting at San Quentin is held in the usual manner of AA meetings, with one exception. That exception is the fact that it is a meeting of a prison group and is attended by a group or different groups of personnel from the free world each week, free people and inmates alike, joining together for the purpose of maintaining their sobriety.

The majority of inmates at an institutional AA meeting are coming into the Fellowship for the first time. They have little knowledge of the program or how it works. Perhaps they have been advised to go, sometimes even ordered to go. And so, they find themselves in the North Dining Hall of the institution on Thursday evenings with over 400 other members, listening to the speakers who tell their stories and how the program works.

### DEEP ADMIRATION

Those who come in to carry the message do so at their own expense and on their own time. And for this we wish to express our deepest appreciation and admiration. It is their example, and courage to face life as an alcoholic, that is proof to us that AA does work. Who knows how many inmates would leave the institution to return to a life filled with misery, frustration and disaster, but who, with the inspiration received from our visitors go out and rebuild their worlds with the help of AA.

Through these meetings we have met many fine, valued and wonderful friends. One of these is Bud C., who was the General Chairman for the Northern California Hospital and Institution Committee, whose job it was to coordinate the 12th Step work being carried on between the outside groups and our institution. Thus, it has been possible for our group to be visited by one or more of the many outside groups each week.

### GROUP INTEREST

During Buds term in office he was known to many of us because we saw a good deal of one another. It is his interest in our group and individual men that make us all aware of Bud and his fine works and generous personality. We wish we could adequately convey our thanks and appreciation to Bud, and we extend this open invitation to visit us at any time.

As of July 1st, Bud has passed his job over to Walter McC., of Sacramento who will take over the duties of General Chairman of the Northern California Hospital and Institution Committee. We extend our warmest wishes and congratulations to Walter McC. in his newly elected office.

The San Quentin Fellowship  
Jim McC., Secretary.

## "SNOW WHITE AND SEVEN DWARFS" PANICS PICNIC

Mother Nature provided warm, balmy weather for the All Northern California Annual AA Picnic, held Sunday, August 11, at Blackberry Farm, in Cupertino and AA members, their kin kith and kids responded in record numbers—the biggest turnout ever held—a total of 1007 attendance.

Kids and adults were having a ball in the three swimming pools; divot diggers slashed and putted little white balls on the nine-hole course; fragrant aromas from fried chicken and baked ham wafted through the trees and everyone was having a jolly time, indeed.

### The Enticer

And, then came the piece-de-resistance, as the French say: The Floor Show. Headlining this opus was "Snow White and the Seven Dwarfs". Lurking ever in the background was the Ugly Sister who was hell-bent on enticing the beautiful and demure Snow White to fall off the wagon and belt some nourishing muscatel.

Constantly racing to forestall the nefarious plot were Snow White's faithful Seven Dwarfs — Stinky, Drinky, Dinky, Sneaky, Blotto Sotto, and Grappo — who, for some reason

or other, were dashingy attired in Mexican Sombreros.

In a well-modulated falsetto and with a five o'clock shadow that heavy applications of pancake make-up wouldn't conceal, our heroine courageously withstood the wiles of her equally bearded sister - the louse.

All during the entire mellerdrammer, the sound equipment would sputter and die—leaving players in mid-stage mouthing their lines into a dead mike like goldfish gaping out of a bowl. (Which could account for the writer's inability to tie-up the seven-man mob in sombreros. The mike was dead when the announcer outlined the plot).

### Local Talent

Sympathetic listeners sometimes wondered why—at some points in the sound failure — demure Snow White and her supporting cast didn't rush over the stage bar and gulp a half-gallon of grape out of sheer frustration. But we found out later that like the wiggled players, it was masquerading as something else. Just colored water. A fake, demmit.

At the end of the floor show — and everyone appreciated the efforts

of the cast and bit players—all of whom were recruited from the Industrial Club, the 1464 Club, and the Emissary Club — they received a rousing ovation.

All except the Sound Engineer who was last seen quietly trying to drown himself in the creek that flowed through the picnic grounds. Alas, that too, failed. There was only two inches of water in the stream.

### Good Music

But it was a grand day. The Kids had foot races, smashed a pinato containing prizes, and ate hog dogs and drank pop 'til they were bow-legged. Adults danced to the fine music of the Jumpin' Jacks, following Snow White. And the day ended with glows of satisfaction for having a darn swell day.

Those who like statistics, can have this: 1500 cups of coffee were drunk; 100 gallons of soft drinks consumed, and 800 dogs eaten.

# 366 Inmates Attend San Quentin Quarterly All Groups Meeting

Sixty-two Northern California guests from ten districts gathered at the North Dining Hall (San Quentin Penitentiary) July 18 to take part in San Quentin's quarterly "All Groups" Alcoholics Anonymous meeting.

The evening was highlighted by the introduction of Walter McC., of Sacramento, who succeeded popular Bud C., as Alcoholics Anonymous Northern California Hospital and Institution chairman. The Hayward man has devoted much of his time to San Quentin's AA program and was general chairman for the Northern California Hospital and Institution Committee.

Walter McC., acknowledged the introduction with what was described as a "brief but powerful message of hope and inspiration" to the local members.

### Membership Grows

Alcoholics Anonymous membership at San Quentin is currently 434, with 366 present at the quarterly

meeting.

Eleven inmate speakers delivered their experiences with alcohol, and how it eventually led to disaster. The talks were hailed as demonstrating "profound thinking and deep insight".

Groups from Santa Clara, South Alameda County, Oakland, Sacramento area, Vallejo, Palo Alto Marin County Richmond, Contra Costa and San Francisco, attended the All Groups conference.

Next quarterly meeting is scheduled for November 21.

### IN MEMORIUM

Karl Schneider, a dedicated member of Vallejo Fellowship, passed away last month, in Vallejo. A host of AA friends bereaved the loss of a good man.

## DO YOU GET YOUR MAIL?

Does your group get the mail? Does a change of group secretary mean that you do not receive conference bulletins, H & I notices, NCC Committee communications, and General Service announcements?

In a recent discussion with Errol W., NCC Secretary, the subject of mailing was given top priority as a serious problem to solve.

GOOD NEWS, and the central office of the S. F. Inter-County Fellowship have been witness to the many pieces of mail returned for faulty address: "moved", "unknown", etc.

Conference mail has been returned by the handfuls while many groups and members complain because they failed to receive tickets, announcements, and other pieces of important mail. Obviously, some answer should be found.

GOOD NEWS is convinced that the problem can be largely solved by the use of POSTOFFICE BOX NUMBERS.

Many groups, have for years, used P. O. boxes. No matter how many times a group may change its secretary—how frequently group reporters, G. S. delegates, or H & I committeemen — or even a complete relocation of a meeting place, the mail will get to the group, or the person, if mailed to a POST-OFFICE BOX.

In many groups keys are a sort of "badge of office". They change hands when changes are made. Keys to the building, the locker for literature, coffee-making paraphernalia, dishes, etc. These are passed along to the person that assumes group responsibilities.

Why not include P. O. Box key? It's inexpensive and it will solve the problem of mailing—both for the group and the sender—and the same box safely intact, in service for years, no matter how many group changes.

## UNIQUE PATERSON HOSPITAL TREATS ONLY THE ALCOHOLIC

Paterson, N. J. (AP)—An alcoholic needs \$100 and a member of Alcoholics Anonymous as his sponsor to be admitted to a hospital located in a back-sliding industrial area of this city. It is the Mount Carmel Guild and Hospital, established in 1955 by the Roman Catholic Diocese of Paterson in a factory building that served many years ago as a brewery.

The 25-bed hospital for male alcoholics is the only hospital licensed by New Jersey solely for the treatment of alcoholics. Its 50-50 record of success led the diocese to nearby a 12-bed hospital for women alcoholics a year ago.

### 7,000 Handled

Both units offer patients a compressed, five-day treatment based on medication and sedatives for the first day or two, then a high vitamin diet and finally group therapy. The outspoken optimistic director of the hospital since its founding, is Monsignor William N. Wall, whose "uniform of the day" is slacks and baseball cap.

**More than 7,000 alcoholics have passed through the hospital in eight years and working with these men and women has given Monsignor Wall definite opinions about the disease.**

Alcoholism is a disease, he says, a physical compulsion with mental obsession. And, it affects five per cent of the population, the rich, the poor, the educated the uneducated. "The only kind we haven't had is a rabbi," Monsignor Wall says. How do women compare with men? "They are more emotional and tremendous pretense. Often the husband is to blame. He doesn't want anyone to know he's married to an alcoholic so he hides her, and this convinces her that she's terrible, a disgrace'.

### Prevention Field

It is in the field of prevention rather than rehabilitation, however, that Monsignor Wall is at his outspoken best. In a recent speech, Monsignor Wall suggested that beer be

introduced to young men and women at the age of 18 — by the family at the dinner table and in moderation. It prompted a flurry of angry letters. Monsignor Wall, 48, and with crew-cut grey hair, held his ground.

**"Prevention starts in the 18-25 year group", he says. "Prevention means education. The best teachers are the parents. The best classroom the home. The best textbook is a good example. The best environment is the dinner table.**

**"The best introduction medium should be a moderate beverage; beer served with meals."**

He adds: "Beer does not cause alcoholism; alcohol causes alcoholism; alcoholics pursue alcohol—not beer".

"As a matter of fact increased beer consumption can be an opportunity to reduce our alcoholic population."

And, as if anticipating another deluge of vehement mail, the Monsignor smiles and says, "I don't own any stock in a brewery."

### Editor Comments

Since this item was reprinted from "Chit Chat", which is not an official AA publication, but read in AA circles in and around Pennsylvania, its editor comments, thusly:

"The Right Reverend Monsignor William N. Wall deserves a lot of credit for the success of Mount Carmel Guild and Hospital in Paterson, N. J. The article quoted above appeared in a Paterson newspaper and reprinted from the Associated Press. I certainly agree with Msgr. Wall in that "Prevention Means Education". Im not quite so sure that his remarks about beer is the answer, but at least it is thought-provoking. Do you have any ideas?"

## Change in Davis

Davis Group, an AA unit affiliated with Central California Fellowship, has changed its weekly meeting night to Wednesday, at 8:00 p.m. It still meets at its regular place, room 20, Davis Junior High School, Russell Blvd. and "B" Streets, across from Standard Oil station.

## Large Group Hears Paula at Eureka

lic speaker meeting held Satur-KB

Paula B. of Santa Rosa was the principal speaker at the fall public speaker meeting held Saturday, August 17, at the Veterans Memorial building in Eureka. Approximately 70 AA members and their guests heard Paula tell her story. August 13 was the tenth anniversary of her sobriety, and her straight from the heart "pitch" held her listeners from beginning to end.

"All of us being members of the human race, it would behoove each of us to recognize our own faults as well as those of others', Paula stated in essence. "There are those of us who are complacent as there are those of us who show our gratitude in a more recognizable manner", she went on to say. She suggested that we all become better acquainted with ourselves in order to better understand our fellow man.

This meeting, sponsored by the AA Central Service Committee for Humboldt and Del Norte Counties, was hosted by the members of the Fellowship Group of Rio Dell. Brownie B., secretary of that group, was chairman for the evening, while Verne B., read the Twelve Steps and Joe S., the Twelve Traditions.

Coffee, and an abundance of arms length AA was consumed after the speaker session.
